

THE CALIFORNIA ALL-STATE HONOR CHOIR

An effort of the California Choral Directors Association And the Southern California Vocal Association

Dear Director:

Congratulations on having students selected as members of the 2018 California All-State Honor Choir. Your hard work is appreciated and a large number of people, including me and your students. I look forward to seeing those of you who are old friends and to meeting many of you for the first time.

I know this is a long letter, but please read the following information carefully as it contains details that are very important in your student's participation in this year's All-State Honor Choir.

ASSISTANCE NEEDED DURING HONOR CHOIR WEEKEND (especially Thursday for check-in and octet testing) As the director of students in the honor choir, it is expected that you (or a representative from your school) will be available to assist at some point during the honor choir weekend. If you are unable to be in San Jose, please designate a parent chaperone to volunteer for a few hours on one of the days. A sign-up will be posted online. You will be notified of this via email. We need people to help with registration, conductor assistance, and many other small duties.

As a volunteer organization, CCDA relies upon its members to make our events an amazing experience for our students and audience members. Your work does not go unnoticed or unappreciated. Much thanks in advance.

PART ASSIGNMENTS

The basic divisi/part assignment for each student will be indicated on the label attached his/her music when they receive it. There may be some other variations of part assignments depending upon the choir and individual piece of music. Some of this may be very confusing to students. Please assist your students with understanding what notes they should sing on each piece. The conductors have asked for some creative part-splitting and I will need your help in clarifying this information for the individual students. Encourage students to mark their scores with the conductor's notes.

If there are questions regarding which part or notes should be sung by and individual on a given piece, please email me at mepeters79@gmail.com.
